**AUSTRALIAN VETERAN CYCLING COUNCIL
National Championships- Perth, Western Australia
27-29 September 2014**

WELCOME

The West Coast Masters Cycling Council and its members are honoured to be given the opportunity to stage the Australian Veteran Cycling Council Championships for 2014.

Mature-age cycling has become a world-wide activity. Its only natural that organized competition, as we will see this week, attracts the best of these athletes to compete for places on the winners' podium, here in Perth. The championships will see 164 participants do their utmost to prove they are the best.

Locally we must thank Glen Parker Cycles, and Punto Tours who have agreed to be our major sponsors for this series, and also the Peel Cycling Club for their help with equipment, and the Australian Time Trial Association for use of its equipment and expertise.

Many volunteers have, and will, donate their time for this event for which we sincerely thank them.

We welcome all competitors, officials, supporters and volunteers to these Championships and wish you all a safe and enjoyable time with us.

Wayne Lally

AVCC National Age-Division Championships 2014

Race Information

Just a few things you have to remember other than the obvious things such as trying to keep to the left of the road. We are riding under AVCC Racing Rules. These are much simpler than the rules used by many other organizations but we are concerned in particular to encourage safe riding and that obviously mean that we can come down hard on riding that endangers fellow competitors and other road users. Just one word of warning – **don't throw your arms (or one arm) into the air at the end of a race as that salute will cost you the race and a fine.** Needless to say, we also expect your machine to be in good order and we don't allow "Spinaci" bars or 'Tri' bars in bunch races except in road time trials).

There will be referees watching and they expect that in a sprint, you keep a straight line. Note too, that if lapped or caught by any other group during the road race, you will not be allowed to interfere with, or assist any other competitor, nor participate in a sprint, nor allow yourself to be carried back to your own bunch by that group. Please also note the following:

1. Signing-on – all competitors must sign on before the start of **each event**. Please don't leave this until the last minute. Riders are therefore advised to sign-on at **least 30 minutes** before the scheduled time of start. The organizers will not be responsible if riders turn up at the last minute only to find that the race has started. We have a tight schedule and we intend to stick to it.

Remember to bring your **transponder**.

In the Time Trial, please note that the **start is six kilometres away from the Chidlow Tavern**. Riders must report to the start 5 minutes before their start time. If a rider misses his/her start position, then a corresponding time-gap will be left. Under no circumstances will a rider be moved up. Each rider will start at his/her allocated start time. If he/she misses their start, their time will commence at the advertised time, and his/her time will be calculated from the original start position. A rider missing his/her start will be required to stop at the start line and put one foot on the ground before commencing. No flying starts will be permitted.

2 Feeding Station and Pits – Competitors in the longer road races may receive bottles or food but only on the hill on Needham Road.

3. Warming up: Riders are not allowed to ride on any course for warming up purposes while there is a race being run. In addition, **riders are not to bother the timekeepers**. The results will be posted on a board

4. Placings – In a close bunch finish situation, riders should report immediately to the claims steward to claim a place.

5 Sitting-in – Riders caught pacing in the time trial will be disqualified. Overtaken riders should drop behind and out of the shelter of the overtaking rider. Mobile commissaries and marshals will be auditing the progress of riders during the event.

6. Lapped riders: Competitors lapped or caught by another grade in a scratch race must not interfere with, or assist any other competitor, nor participate in any sprints. You will be allowed time out in the criterium if you have mechanical problems but only after reporting to the referee. Time out will not be allowed in the final two laps.

6. Racing Rules & Regulations – Racing will be conducted under the Racing Rules and Regulations of the AVCC (see our web page at wcmasterscycling.asn.au). Ignorance of the rules is no defence! Traffic rules, including keeping to the left and not crossing over single continuous or double white lines must be respected. Dangerous riding will lead to disqualification.

7. Appeals – All appeals must be put in writing and presented to a judge or referee along with a \$30 deposit within 30 minutes of the finish of a race. If the claim is deemed frivolous, the \$30 will be forfeited.

8. NO FOLLOWING VEHICLES ALLOWED unless they are official vehicle. Spare wheels may be placed at the allocated point near the start. Riders are advised in the Time Trial and Road Races to carry a pump and spares. Spare wheels at the road race and criterium may be placed in the Pit Stop area near the start. If you puncture and don't want a walk, carry a spare!

9. Toilet facilities will be available at or near the start of all race venues,

10. First Aid – St Johns trained personnel will be in attendance

11. Rubbish - please place all rubbish in bins, or cart it away if there are none available. Gell packs should be placed in your pocket and not thrown onto the road.

A winner of any of the three races will be given a Perth 2014 Championship Jersey (but note that only one jersey shall be awarded per individual competitor over the collective events, whether they have won one or any other number of events). All medals will be presented during scheduled intervals at the criterium races, and after the finish of the time trials and road races. Money prizes will also be presented. As this is a national championship, all medal winners are expected to remain until the presentation. It would also be courteous if all competitors could attend to applaud the medal winners.
